

What is an Advocate?

1. A person who speaks or writes in support or defense of a person, cause, etc.
2. A person who pleads for or in behalf of another; intercessor
3. A person who pleads the cause of another in a court of law

There are many advocates in Hawaii right now who are speaking to Legislators, Working Groups, Agencies, Support Services, Individuals, etc. Even **AngelGroup** is an Advocate. If you join **AngelGroup**,

you
become an Advocate.

This section is to address persons/agencies/groups who are advocating on a more formal forum or in a more "public" way. We'll be adding to this list but for now, please see the following:
